

CHART FOR SELF-EJECTING QUICK FASTENERS 7/16"

- Heavy duty to allow repeated use with a fastener tool allen wrench or a ratchet without stripping
- A Larger size distributes the load over a larger area to avoid pull-through
- The spring holds the button captive so that it can't be dropped underneath the car or into some hard-to-get-at area of the chassis
- A necessity for quick pit work in racing
- Use Spring **Nos. 71400, 71410, 71420, 71425, or 71430**
- Ten per package

No. 71370

No. 71322

No. 71371
